- UX/UI Design:** User Research, Wireframing, Prototyping, User Flows, Information Architecture, Interaction Design, Design Systems, Responsive Design, Usability Testing, Accessibility (WCAG)
- Design & Creative Tools:** Figma,Figma AI, Framer, Canva, Notion, Google Stitch AI, Anti-Gravity, Claude code
- Soft Skills:** Rapid Adaptability (Learning new AI tools in days), Cross-Functional Communication (Design to Dev handoff), Problem Solving under strict deadlines.

EXPERIENCE

- Associate web Designer**

At *G1 Global* (On-site)

October 2025 - Present

Hyderabad, India

 - Translated business briefs into detailed UI concepts, interaction flows, and pixel-perfect layouts for responsive web platforms. Created annotated wireframes and implementation guides to ensure seamless developer handoff.
 - Collaborated closely with frontend developers to resolve UI inconsistencies and maintain design integrity across breakpoints.
- Associate Product Designer**

At *InterviewBuddy* (On-site)

March 2025 - June 2025

Visakhapatnam, India

 - Designed structured interaction flows and high-fidelity UI systems for 5+ SaaS workflows.
 - Facilitated cross-functional discussions to align product goals with user experience strategy. Delivered detailed design documentation reducing developer rework by 15%.

PROJECTS

- Proxycare – Healthcare Coordination Platform [Lead UX/UI Designer]**

Tools: *Figma, Canva, Google stitch AI, AntigraVity, Claude, ChatGPT*

proxy.care

 - Designed the complete UX/UI for a healthcare coordination platform, covering user journeys, information architecture, wireframes, high-fidelity interfaces, and responsive layouts.
 - Built a scalable design system with reusable components, consistent typography, and accessible UI patterns to deliver a seamless user experience across devices.
- NutriBox website [Lead UI/UX Designer]**

Tools: *Figma, Canva, Google stitch AI, AntigraVity, Claude, ChatGPT*

nutribox.in

 - Designed a modern nutrition-focused food delivery experience that simplified healthy meal discovery and ordering.
 - Established reusable UI components and design guidelines for efficient collaboration and future scalability.

CERTIFICATIONS

- Google UX Design Professional Certificate**

Coursera (July 2025)
- UI/UX with Figma and Adobe XD**

Udemy (April 2024)
- UI/UX for Beginners**

Great Learning (February 2024)
