

Tzinr Studio Website Roadmap v1.0

Goal

Build a premium agency website that generates trust, demonstrates expertise, and converts visitors into clients.

Phase 1 – Strategy (Complete)

Define brand positioning, target audience, services, and website mission.

Phase 2 – Website Architecture (Complete)

1. Hero Experience
2. What We Do
3. Who We Help
4. Problems We Solve
5. Services Overview
6. Service Details
7. Featured Projects
8. Case Studies
9. Our Process
10. Why Choose Tzinr
11. Testimonials
12. Industries We Serve
13. Insights & Resources
14. FAQ
15. Final CTA
16. Footer

Phase 3 – Content Strategy (Next)

For every section define:

- Purpose
- User Psychology
- Business Goal
- Headline
- Supporting Copy
- CTA
- Content Structure

Phase 4 – Wireframes

Create low-fidelity layouts for every section.

Phase 5 – Visual Direction

Generate one premium concept image for each section.

Phase 6 – UI Design

Design the final interface in Figma with a design system.

Phase 7 – Motion

Add meaningful animations and micro-interactions.

Phase 8 – Development

Develop the website in Framer or Next.js with responsive design and performance optimization.

Immediate Next Step

Work only on Section 01 (Hero Experience). Finalize its content strategy before creating any visuals.
